

# Coway Humidifier

MHS-U2201

We Bring Wellness  
**Coway**

# Sleek & Deco-inspired Design to Complete Your Interior

It is not only for winter but also for any season to complete your interior

Its design looks like china and is matched with anywhere to improve interior.

If it is not in use, it can be other deco-item such as flower vase without mist outlet cover.

# Delivered Humidity to More area with Rhythmic Mode

## Conventional Humidifier

Deliver humidity unevenly to the area and get easily wet around the humidifier

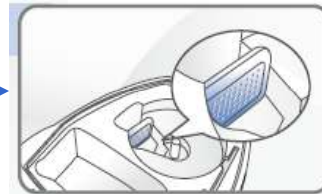

## MHS-U2201T

Automatically control to reach evenly to further area and prevent from getting wet around the humidifier

For Healthier Life

# 2-step Filtering System

**Antibacterial Ceramic Filter**

**Applied Silver-Nano material for ceramic balls in the filter**

**Silver-nano Filter**

**Silver-Nano coated non-woven filter applied to the suction part**

# Advanced Oscillator Cap

## Silicon Oscillator Cap

Harmless & semi-permanent silicon is material for oscillator cap to prevent corrosion

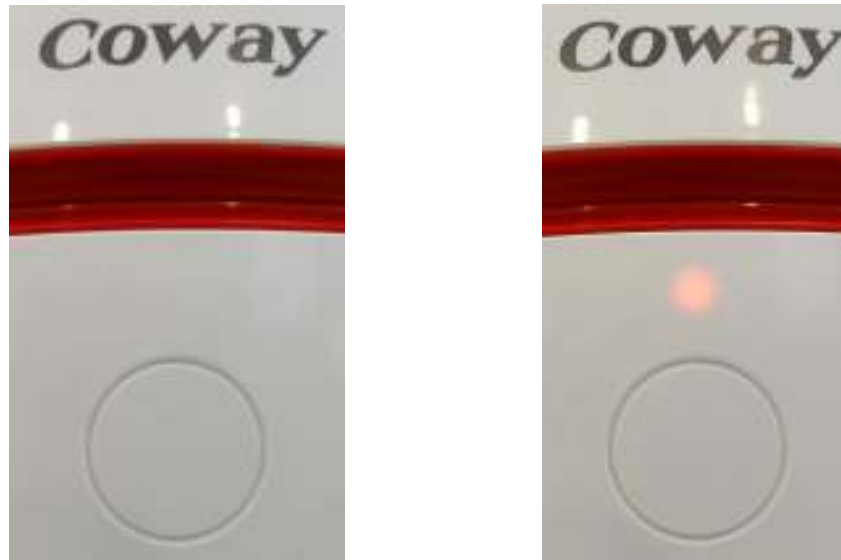

Advanced Technology of Stainless Heater Pipe to Protect corrosion of metal

The diagram shows a stainless heater pipe. At the top, a cylindrical pipe is shown. Below it, the text 'Stainless Heater Pipe' is written. At the bottom, two circular cross-sections are shown. The left one is labeled 'Competitors' and shows a heavily corroded, brownish interior. An arrow points to the right one, labeled 'Coway', which shows a clean, smooth interior.

# Touch Button & Mood light

## Touch Button

Touch button gives simplicity in design and easiness in operation.

## Dynamic LED Display

Gentle light from LED display indicates operation mode.

# Features

## Product

Manufacturer: Woongjin Coway  
Model # : MHS-U2201

Size : 8.2(W) x 8.2(W) x 11.4(H)

## Features

### 1. Product Summary

- Manner: Ultrasonic
- Water Capacity : 0.52gal
- Humidification performance : 0.08 gallon/hr
- Power supply of humidifiers : 25W (120V/60Hz)
- Mode : Rhythmic mode / Turbo mode / Weak mode

### 2. Product characteristics

- Touch Button/ Dynamic LED Display
- Rhythmic mode humidistat
- 2step filtering system  
(Ceramic antibacterial filter + Silver-Nano filter)
- Silicon Nebulizer Cap

# Specification

<b>Model Name</b>	<b>MHS-U2201A</b>
VOLTAGE	120V, 60Hz
POWER CONSUMPTION	25W
SPRAY TYPE	ULTRASONICS
PERFORMANCE	0.08 Gal/hr
CONTINUOUS HUMIDICATION TIME	20 hrs
WEIGHT	4.4lbs
TANK CAPACITY	0.5 Gal
DIMENSION	8.2 (W) * 8.2(D) * 11.4(H) Inches
